Dear Friends,

It is with great pleasure that I recognize the graduating class of 2017 and wish them well as they begin to pursue the American Dream. I am confident every one of you will strive to make the most of your education and continue to demonstrate a passion for learning and the ability to achieve great things.

Since 1889, St. Leo University has been a leading educational institution in the State of Florida. It was the first Catholic college in our state, and helped end the shameful era of segregation by enrolling African-American students before it was legal. It does a great job providing a quality educational experience to members of our armed services; a commitment I know will continue being built upon in the years ahead.

On behalf of the people of Florida, I extend my best wishes to all in attendance and look forward to hearing of your continued success. May God bless St. Leo University and may God bless the United States of America. Go Lions!

Sincerely,

Marco Rubio
United States Senator
